-and-

<u>DOCKET NO. 2018-322-E</u> - <u>Application of Duke Energy Progress, LLC for Approval of Proposed Electric Transportation Pilot and An Accounting Order to Defer Capital and Operating Expenses</u> - Staff Presents for Commission Consideration the Joint Application of Duke Energy Carolinas, LLC, Duke Energy Progress, LLC, and ChargePoint, Incorporated to Modify DC Fast Charging Station Program.

COMMISSION ACTION:

I move that the Commission approve the Joint Application of DEC and DEP and ChargePoint, Inc. to modify the DC Fast Charging Station Program. South Carolina Act 46 provides that a person or corporation using an electric vehicle ("EV") charging station to resell electricity to the public shall not be considered an electric utility, subject to certain conditions enumerated in the Act. The Joint Petition is requesting that pricing charged by Fast Charge Stations in excess of the Fast Charge Fee established by DEC and DEP – which cannot exceed said fee by more than 20% - shall be retained by the Fast Charge Station host site.

I move that the Commission find this to be permissible, and that the Commission approve the Joint Petition.
